To whom it may concern,

As you know, the Hornell St. Patrick's Day events are a huge success for local taverns across the city, and thru out the years we've been lucky to not have any serious incidents as far as personal safety is concerned. With that in mind, after consulting with Rick Brown (RBI's) Fran Marino (Eddie's) and Jeff Miller (Jeff's Clubhouse) we've come up with a proposal to ensure the continued safety for our fellow citizens for the upcoming St. Patrick's Day festivities. Over the last few years our establishments have hired a H.A.T. bus to transport partygoers around town. Last year the route recorded some 1500 passengers in total, with close to one thousand getting on or off on River Street. The street becomes very congested and with the over flow of patrons milling around outside, an accident is surely to happen in the future.

We are requesting permission and the city's help in closing off the section of River street - between Jane St. and John Street from the hours of 12 noon and 130am Enclosed is a drawing of the proposed closure. Thank you for your consideration,

For the above businesses,

Danny McManus
